Experienced Manufacture & Support & Long Lasting Equipment

Our group has manufactured Versasort fruit sizers and packline equipment with A1 customer service for 25 years, including quality imported electronics & vision systems and now with optional advanced robotic bin handling systems.

We service all packlines supplied by ourselves plus retrofit most sizer makes. Our team is experienced with mature knowledge plus youthful strength ensuring longevity of service to fruit packers in South Africa.

Flowpack (Pty) Ltd was developed by Rory Cole with extensive packline experience within our group plus Ellips electronics & quality grading systems.

Flowpack exclusively supplies high volume Elifab blueberry sizers in South Africa plus Versasort sizers for all fruits with full packline design and support.

As Flowpack, Rory is our prime marketing contact for graders and packlines. Contact Rory on 082 294 2260 or email rory@flowpack.co.za to enquire.
